ENGLISH UNIVERSITIES.

UNIVERSITY OF OXFORD.

(Founded 872.)

	Elected.
Chancellor, the Marquis of Salisbury	1869
Vice-Chancellor, F. K. Leighton, D.D., Warden of All Souls College	1866
Registrar, E. W. Rowden, D.C.L.	1853

The following statement gives the chief particulars concerning the *University of Oxford* as a place of Education in its relations to Medicine.

The affairs of the University are managed, and its regulations are made, either by a Convocation consisting of all Doctors in Divinity, Law, and Medicine, and Masters of Arts, or by the Resident Doctors and Masters, or by the Council.

There are 24 Colleges and Halls in Oxford. Every Student must reside in one or other of these for a period of three years, or, being matriculated, reside in lodgings during that time.

During these three years, he has to pass at least two Examinations in Arts, and one in either Mathematics, Natural Science, or Law and Modern History, when if he obtain a first, second, or third class, he can take his B.A. degree; if he do not gain such honours, he has to pass a third examination in Literis Humanioribus.

A Student deciding to graduate in Medicine should proceed as follows:

1st. To enter at a College or Hall or become an unattached Student by applying to the "Delegates of Unattached Studies."

2nd. To pass the requisite Examinations in Arts.

3rd. After passing the requisite Examination for the degree of B.A., to spend two years in study * prior to a Scientific Examination for the Degree of Bachelor of Medicine; and two years more prior to the final or practical Examination for the same Degree. These four years of medical study may be spent either out of or in Oxford, in an approved Medical School.

This Degree confers the Licence to Practise. There is no subsequent Examination for the Degree of Doctor in Medicine. For that Degree a dissertation has to be publicly read three years after the B.M.

The instruction in Natural Science is carried on at the Museum, where the following Teachers have their Departments:—

Regius Professor of Medicine, H. W. Acland, M.D., LL.D., F.R.S.
Savilian Professor of Astronomy, W. F. Donkin, M.A., F.R.S.
Savilian Professor of Geometry, Henry J. S. Smith, M.A., F.R.S.
Professor of Experimental Philosophy, R. B. Clifton, M.A.
Professor of Natural Philosophy, B. Price, M.A., F.R.S.
Professor of Geology, J. Phillips, M.A., D.C.L., LL.D., F.R.S.
Professor of Mineralogy, M. H. N. Story Maskelyne, M.A.
Professor of Chemistry, Sir B. C. Brodie, Bart., M.A., F.R.S.
Linacre Professor of Physiology, G. Rolleston, M.D., F.R.S.
Professor of Zoology, J. O. Westwood, M.A., F.L.S.
Lee's Reader in Anatomy, ——.
Demonstrator in Anatomy, Charles Robertson, Esq.
Demonstrator of Practical Chemistry, T. H. G. Wyndham, M.A.
Demonstrations in Morbid Anatomy, by Dr. Tuckwell.
Radcliffe Librarian, H. W. Acland, M.D., F.R.S.
Sub-Librarian, Mr. J. Haines.

A course of Normal and Abnormal Histology will be given in the Library by Professor Beale, F.R.S.

Sherardian Professor of Botany at the Botanical Garden, J. Lawson, Esq. M.A.
Clinical Medicine at the Infirmary, by Drs. Acland, Gray, and Tuckwell.
Lee's Reader in Chemistry at Christ Church, A. G. V. Harcourt, M.A.

The Medical Examinations take place annually in the Michaelmas Term.

Scholarships of about the value of £75 are obtainable at Christ-Church, Magdalen, and other Colleges, by competitive Examination in Natural Science. Every year a Radcliffe Travelling Fellowship is competed for by any who, having taken a first class in any of the Public Examinations of the University, or having obtained some University Prize or Scholarship open to general compe-

* If he have taken the higher honours in the Natural Science School, he may go in for the 1st M.B. Examination on the first opportunity.

Digitized by Google

tition, propose to study Medicine. The Travelling Fellows receive £200 a year for three years, half this period being spent in study abroad.

More detailed information concerning the University may be obtained from the University Calendar, to be purchased of any Bookseller; concerning the General Education, from the Heads of Colleges; concerning the Medical Examinations, or the courses of study in general, from the Regius Professor of Medicine; and concerning the Scientific Education, from the Professors in the several Departments, as above named.

UNIVERSITY OF CAMBRIDGE.

CHANCELLOR, The Duke of Devonshire, LL.D., Trinity Coll.

HIGH STEWARD, Earl Powis, LL.D., St. John's Coll.

VICE-CHANCELLOR, E. Atkinson, D.D., Clare Coll.

REGISTRAR, H. R. Luard, M.A., Trinity Coll.

Professorships.	*Professors.*	*College.*	*Elected.*
Regius Physic	H. J. H. Bond, M.D.	Corpus Christi	1851
Chemistry	G. D. Liveing, M.A.	St. John's	1862
Anatomy	G. M. Humphry, M.D., F.R.S.	Downing	1866
Botany	C. C. Babington, M.A., F.R.S., F.L.S.	St. John's	1861
Downing Medicine	W. W. Fisher, M.D.	Downing	1841
Zoology and Comparative Anatomy	A. Newton, M.A.	Magdalen	1866

Lectures.	*Lecturers.*
Linacre on Medicine	G. E. Paget, M.D.
Demonstrator of Anatomy	E. Carver, M.B., F.R.C.S., St. John's Coll.
Practical Chemistry	G. D. Liveing, M.A.

A course of lectures on Pathology is delivered during the Lent and Easter terms by the Professor of Physic.

A course on Anatomy and Physiology is delivered by Professor Humphry in the Michaelmas and Lent terms.

A course on Practical Anatomy is delivered by Professor Humphry and Mr. Carver in the Michaelmas and Lent terms.

The course on Chemistry consists of fifty, delivered during the Lent and Easter terms.

The course on Botany consists of twenty, delivered during the Easter term.

The Downing Professor delivers a course of fifty lectures on some subject connected with the study of Medicine in the Michaelmas and Lent terms.

Pupils have an opportunity of dissecting in private.

There is a rich and interesting Anatomical Museum open to medical students daily.

Students are admitted to the medical and surgical practice of the Hospital on the payment of 10*l.* 10s. for a year, or 15*l.* 15s. for an unlimited period.

Medical Students are required to enter at one of the seventeen Colleges, or as non-collegiate Students, and reside nine terms (nearly three years), during the first part of which time they are generally occupied in the study of Classics, Mathematics, &c.; then, having passed the previous Examination in these subjects, they can pursue the study of Medicine by attending the practice of the Hospital, and the Professors' lectures above specified. This done, they may continue their medical studies in Cambridge, or elsewhere.

If it be thought desirable, the student may continue his classical and mathematical reading for a longer period than the above arrangement contemplates; and may, in due time, present himself for the Examination in those subjects, whereby he becomes B.A.

PROCEEDINGS IN PHYSIC. M.B.

The candidate for M.B. must have resided nine terms (nearly three years), have passed the previous Examination in Classics, Mathematics, &c., and have been engaged five years in medical study, of which six terms must have been in the University. Only four years of medical study, of which *four* terms are in the University, are required of those who graduate with honours as B.A.

There are three Examinations for M.B. The first may be passed at any time after the previous Examination; the second after two years of Medical study, and the third after the completion of the period of Medical study.

The first Examination is in Mechanics and Hydrostatics, Chemistry, with Heat and Electricity and Botany. The student must have attended lectures on Chemistry and Botany.

The Second Examination is in Comparative Anatomy, Human Anatomy, Physiology and Pharmacology. Lectures must have been attended on Comparative Anatomy, Human Anatomy, Materia Medica, and Pathology, also Hospital Practice for one year.

The Third Examination is in Pathology and the Practice of Physic, Clinical Medicine, and Medical Jurisprudence. Lectures must have been attended on the Principles and Practice of

Digitized by Google

Physic, Clinical Medicine, Clinical Surgery, Medical Jurisprudence, and Midwifery, also Hospital Practice for three years.

After the Examinations have been passed, an Act must be kept. The candidate reads a thesis composed in English by himself on some subject approved by the Professor. He is then questioned in English by the Professor on the subject of the thesis, and on other subjects in the faculty of a more general nature.

M.D.

The candidate can be admitted to the degree of M.D. in the ninth term (nearly three years), after taking the degree of M.B. A Master of Arts may be admitted to the degree of M.D. at the prescribed period, when he has produced the same certificates and passed the same Examinations as are required for the degree of M.B.; but he is not required to have kept medical terms in the University.

An Act has to be kept similar to that required for M.B., and the Candidate is required to write a short extempore essay on one of four topics, relating severally to Physiology, Pathology, Practice of Medicine, and State Medicine, the selection being made by himself.

M.C.

The candidate for the degree of MASTER IN SURGERY is required to have passed the Examinations for M.B.; to have attended the Surgical practice of a Hospital for three years; to have been House-Surgeon or Dresser during six months; to have attended Lectures on Human Anatomy (two courses with dissections) during two seasons, on Surgery, Clinical Surgery, Midwifery (with ten cases), Practical and Surgical Anatomy, Pathology and Principles and Practice of Surgery, and Clinical Surgery, and Midwifery.

The full time required for the degrees of M.B. and M.C., from entrance at the University, is *four* years in the case of those who graduate with honours, as B.A.—*i.e.*, who go through the examination for either the Mathematical, Classical, or Natural Sciences Tripos. Many Medical Students take this course, and go through the Natural Sciences Tripos, because the subjects of the examination (Botany, Chemistry, and Comparative Anatomy), are akin to those of Medicine; and the Student who has passed in any of them is not required to be again examined in them for M.B. He may thus be entirely exempt from the first Examination for M.B., or from parts of it. In the case of Students who do not graduate with honours, the time required to obtain the M.B. and M.C. degree is *five* years. The expenses at Cambridge, including residence, lectures, &c., are about 150*l.* per annum; but these are in many cases lessened by Scholarships, which are very numerous, and obtainable by most Students of industry and ability. Some of these Scholarships are given for proficiency in Natural Science, and are open to competition to students who have not entered the University. An Examination of this kind is held in Sidney College in October, in Downing College in May, in Trinity College in Easter week (this is open to all undergraduates of Oxford and Cambridge), and in St. John's, Clare, and St. Peter's Colleges in April or May. Information respecting them may be obtained from the Tutors of the respective Colleges.

UNIVERSITY OF DURHAM.

REGULATIONS.

1.—No one shall be held to be a Student in Medicine who has not been registered in a register kept for that purpose. No one shall be so registered unless he has passed the Registration Examination, or such other examination as the Warden and Senate shall deem equivalent. The Registration Examination shall be directed to the rudiments of Religion, Literature, and Science, and shall be conducted by two or more Examiners nominated by the Warden.

2.—No Grace for a Licence in Medicine shall be granted, unless the Petitioner is of the age of 21 years, and has since his registration spent four years in medical study at one or more of the Schools recognised by the Licensing Bodies named in Schedule A of the Medical Act, 1858. No Grace for a Licence in Medicine shall be granted unless the Petitioner has passed two Public Examinations. No one shall be admissible to the first of these Examinations unless he has spent two years at least in medical study as above prescribed. No one shall be admissible to the second of these Examinations unless he has spent four years at least in medical study as above prescribed, and has passed the first Examination. No one shall be admissible to either of these Examinations unless he has produced satisfactory testimonials of conduct, and such certificates of attendance on Lectures and Hospital Practice as the Warden and Senate shall require. Each of these Examinations shall be conducted by three or more Examiners, nominated by the Warden and approved by Convocation, and shall be directed to such subjects of Medical Science and Practice as shall have been fixed on by the Warden and Senate.

3.—No Grace for the Degree of Bachelor of Medicine shall be granted, unless the Petitioner is of the standing of three terms at least as a Licentiate in Medicine, and of eighteen terms (6 years) at least from the date of his Registration or Matriculation. No one, who is not a Bachelor of Arts, shall be admissible to the Degree of Bachelor of Medicine, unless he has kept three terms by residence at Durham, and has passed the final Examination for the Degree of Bachelor of Arts, or an equivalent to it, as hereinafter described, besides the Examination for the Degree of Bachelor of

Digitized by Google

Medicine, nor unless he has spent one year at least in Medical Study at some school of Medicine in connection with the University. The Examination for the Degree of Bachelor of Medicine shall be directed chiefly to the Practice of Medicine. The details shall be arranged by the Warden and Senate.

4.—No Grace for the Degree of Doctor of Medicine shall be granted unless the Petitioner is a Bachelor of Medicine of the standing of twenty-one terms at least (7 years) from his Registration or Matriculation, and of three terms at least from his admission to the Degree of Bachelor of Medicine, nor unless he has performed such exercises as the Warden and Senate require.

5.—No Grace for a Licence in Surgery shall be granted unless the Petitioner is of the age of 21 years, has spent four years in Medical and Surgical Study since his Registration as a Student in Medicine, in some one or more of the Schools recognised by the Licensing Bodies named in Schedule A of the Medical Act, 1858. No Grace for a Licence in Surgery shall be granted unless the Petitioner has passed two Public Examinations. The first of these Examinations shall be the first Examination appointed for Students in Medicine. No one shall be admissible to it, who has not spent two years in Medical and Surgical Study, as above prescribed. The second of these Examinations shall be partly the same as the second Examination appointed for Students in Medicine, and shall be partly in Surgical subjects. No one shall be admissible to it, who has not spent four years at least in Medical and Surgical study as above prescribed, and passed the first Examination. No one shall be admissible to either of these Examinations unless he has produced satisfactory testimonials of conduct, and such certificates of attendance on Lectures and Hospital Practice as the Warden and Senate shall require. Each of these Examinations shall be conducted by three or more Examiners nominated by the Warden, and approved by Convocation, and shall be directed to such subjects as shall have been fixed on by the Warden and Senate. The second Examination for a Licence in Surgery may or may not be passed at the same time with the Second Examination for a Licence in Medicine.

6.—No Grace for the Degree of Master in Surgery shall be granted unless the petitioner is a Licentiate in Surgery, and also a Licentiate in Medicine, and is of the standing of 18 terms (6 years) at least from the date of his Registration or Matriculation, and of three terms at least from the date of his admission to the Licence in Surgery. No one, who is not a Bachelor of Arts, shall be admissible to the Degree of Master in Surgery unless he has kept three terms by residence at Durham, and has passed the final Examination for the Degree of Bachelor of Arts, or an equivalent to it, as hereinafter described, besides the Examination for the Degree of Master in Surgery, nor unless he has spent one year at least in Medical and Surgical study in some school of Medicine in connection with the University. The Examination for the Degree of Master in Surgery shall be directed chiefly to the Practice of Surgery. The details shall be arranged by the Warden and Senate.

7.—The Warden and Senate shall have authority to arrange for Students in the Faculty of Medicine an Examination equivalent to that for the Degree of Bachelor of Arts, by substituting for the Theological part of it an Examination in Hippocrates, Galen, or such other ancient medical author or authors as they may think fit.

8.—Any Student in Medicine who was registered before Easter Term, 1868, shall be entitled to be admitted to the Degree of Master in Surgery on the same conditions as are above required for a Licence in Surgery.

9.—These Regulations shall not interfere with the power of the University to grant Degrees by Diploma to persons of Sufficient standing and approved merit.

Medical Scholarships.

A Medical Scholarship, of the annual value of £25, is awarded by examination at the commencement of Michaelmas Term, early in October, in each year, and is open to all candidates who have been duly registered as Students in Medicine. The scholarship is tenable for four years by a student pursuing his medical studies, and not of sufficient standing to proceed to a Licence in Medicine.

PROVINCIAL SCHOOLS OF MEDICINE.

BIRMINGHAM.—QUEEN'S COLLEGE.

(Incorporated by Special Act of Parliament.)

WINTER SESSION.

Medicine: Profs. James Russell, M.D., and B. W. Foster, M.D. *Surgery:* Profs. O. Pemberton and Furneaux Jordan. *Anatomy:* Profs. C. J. Bracy, M.B., and J. F. West. *Physiology:* Profs. R. Norris, M.D., and Thos. H. Bartleet, M.B. *Chemistry:* Prof. Alfred Hill, M.D. *Demonstrations of Anatomy:* James Hinds, M.B., and Wm. Thomas, M.B.

SUMMER SESSION.

Midwifery: Profs. John Clay and John Bassett. *Diseases of Women and Children:* Profs. Saml. Berry and R. C. R. Jordan, M.D. *Forensic Medicine and Toxicology:* Profs. Thos. Swain and A. Hill, M.D. *Practical Chemistry:* Prof. Alfred G. Anderson. *Botany:* Prof. Wm. Hinds, M.D. *Materia Medica and Therapeutics:* Profs. J. St. S. Wilders and Edward Mackey, M.B. *Ophthalmic Surgery:* Prof. J. Vose Solomon. *Dental Surgery:* Prof. Thomas Howkins. *Comparative Anatomy:* Prof. Thos. Savage, M.D. *Medical Tutor and Registrar:* James Hinds, M.B. *Hon. Sec. to the Professors:* Balthazar W. Foster, M.D.

BIRMINGHAM GENERAL HOSPITAL, SUMMER-LANE—Established 1772, contains 240 beds. Upwards of 30,000 Patients received Medical and Surgical relief during last year.

QUEEN'S HOSPITAL, BATH-ROW.—The Hospital contains 150 beds, which are constantly filled. During the past year relief was afforded to over 2000 in-patients.

For further particulars respecting Queen's Hospital, see page 1086.

BRISTOL MEDICAL SCHOOL.

WINTER SESSION.

Medicine: Drs. Martyn and Fox. *Surgery:* Mr. Coe and Mr. Leonard. *Chemistry:* Mr. Coomber. *General Anatomy and Physiology:* Messrs. Atchley and Steele. *Descriptive and Surgical Anatomy:* Messrs. Lansdown and Tibbits. *Dissections:* Messrs. Ludlow, Dowson, and Dobson.

SUMMER SESSION.

Botany: Mr. Leipner. *Materia Medica:* Dr. Burder. *Midwifery:* Dr. Swayne. *Forensic Medicine:* Dr. Marshall. *Practical Chemistry:* Mr. Coomber.

BRISTOL ROYAL INFIRMARY.—The Infirmary contains 242 Beds. The number of In-patients last year was 2615; the number of Out-patients, 23,121.

BRISTOL GENERAL HOSPITAL.—The Hospital contains 130 Beds. The number of In-patients treated during the past year was 1350; the number of Out-patients, 15,504.

CAMBRIDGE MEDICAL SCHOOL.

WINTER SESSION.

Principles of Pathology and Practice of Medicine: Dr. Bond. *Zoology and Comparative Anatomy, and Physiology:* Prof. Newton. *Anatomy and Physiology:* Prof. Humphry. *Practical Anatomy:* Prof. Humphry and Mr. Carver. *Demonstrations:* Mr. Carver, daily. *Chemistry:* Prof. Liveing.

SUMMER SESSION.

Botany: Prof. Babington. *Materia Medica and Therapeutics:* Dr. Latham. *Practical Chemistry:* Prof. Liveing. *Clinical Lectures* are delivered weekly at Addenbrooke's Hospital.

HULL AND EAST RIDING SCHOOL OF MEDICINE AND ANATOMY.—KINGSTON-SQUARE.

WINTER SESSION.

Anatomy, Physiology, and Pathology: Messrs. R. M. Craven and Rudd. *Anatomical Demonstrations:* Mr. Nicholson. *Principles and Practice of Medicine:* Dr. Elliott. *Principles and Practice of Surgery:* Dr. King. *Chemistry:* Mr. Walton.

SUMMER SESSION.

Midwifery and Diseases of Women and Children: Mr. H. Gibson. *Materia Medica and Therapeutics:* Messrs. Holden and Henson. *Forensic Medicine and Histology:* Mr. T. M. Evans. *Botany:* Mr. Niven. *Practical Chemistry:* Mr. Walton. *Clinical Lectures* will be given at the hospital twice a week on Medicine, by Sir H. Cooper, Dr. Daly, and Dr. Elliott; on Surgery, by Dr. Lunn, Mr. Craven, and Dr. King.

LEEDS SCHOOL OF MEDICINE.

WINTER SESSION.

General Anatomy, Physiology, and Pathology: Messrs. W. Hall and T. R. Jessop. *Anatomy:* Messrs. J. Seaton, Land, and J. A. Nunneley. *Principles and Practice of Surgery:* Messrs. S. Hey, Wheelhouse, and Teale. *Chemistry:* Mr. J. C. Wilson. *Principles and Practice of Physic:* Drs. Chadwick, Heaton, and Allbutt. *Demonstrator of Pathology:* Mr. Jessop.

SUMMER SESSION.

Materia Medica and Therapeutics: Dr. Eddison *Midwifery and Diseases of Women and Children:* Messrs. W. N. Price and W. Hall. *Forensic Medicine and Toxicology:* Mr. Scattergood. *Practical Chemistry:* Mr. J. C. Wilson. *Botany:* Mr. E. Atkinson. *Operative Surgery:* By the Surgeons of the Hospital.

Clinical Lectures at the General Infirmary, twice a week, on Medical Cases, by Drs. Chadwick, Heaton, and Allbutt, and on Surgical Cases, by Messrs. S. Hey, Nunneley, Wheelhouse, and T. P. Teale.

LIVERPOOL ROYAL INFIRMARY SCHOOL OF MEDICINE.

WINTER SESSION.

Physiology: Dr. Waters. *Anatomy:* Mr. Harrison. *Demonstrations:* Dr. Glynn and Mr. Rankin. *Chemistry:* Mr. Brown. *Principles and Practice of Medicine:* Dr. Cameron. *Principles and Practice of Surgery:* Mr. Bickersteth.

SUMMER SESSION.

Materia Medica and Therapeutics: Dr. Nevins. *Botany:* ——. *Midwifery and Diseases of Women and Children:* Drs. Steele and Gee. *Medical Jurisprudence:* Dr. E. Whittle and Mr. Brown. *Practical Chemistry:* Mr. Brown. *Ophthalmic Medicine and Surgery:* Dr. R. H. Taylor. *Comparative Anatomy and Zoology:* Dr. Davidson. *Operative Surgery:* Mr. Harrison. *Dental Surgery:* Mr. Snape. *Dental Mechanics:* Mr. Stewart.

Hospital Practice and Clinical Lectures at the Royal Infirmary. *Phys.*, Drs. Vose, Turnbull, and Inman; *Surgs.*, Messrs. Stubbs, Bickersteth, and Hakes; *Asst. Surg.*, Mr. Harrison.

MANCHESTER ROYAL SCHOOL OF MEDICINE AND SURGERY,

10, Faulkner-street (behind the Royal Infirmary).

WINTER SESSION.

Physiology: Mr. W Smith. *Descriptive Anatomy:* Messrs. E. Lund and Bradley. *Practical Anatomy:* Mr. Bradley. *Chemistry:* Mr. D. Stone. *Principles and Practice of Medicine:* Dr. Roberts and Dr. Morgan. *Principles, Practice, and Operations of Surgery:* Mr. G. Southam. *Physiology and Pathology of the Eye:* Mr. R. T. Hunt.

SUMMER SESSION.

Midwifery and Diseases of Women and Children: Dr. Thorburn. *Materia Medica, Medical Botany, and Therapeutics:* Mr. A. Somers. *General Pathology and Morbid Anatomy:* Dr. Simpson. *Forensic Medicine:* Mr. G. M. Harrison. *Botany:* Mr. L. Grindon. *Practical Chemistry:* Mr. D. Stone. *Comparative Anatomy:* Mr. Bradley.

HOSPITAL PRACTICE.

At the Royal Infirmary, where Clinical Lectures on Medicine and Surgery are regularly delivered by the Physicians and Surgeons of the Institution.

G. SOUTHAM, *Registrar.*
D. SHONE, *Vice-Registrar.*

UNIVERSITY OF DURHAM COLLEGE OF MEDICINE, NEWCASTLE-UPON-TYNE.

WINTER SESSION.

Physiology: Dr. W. Murray. *Anatomy:* Dr. T. C. Nesham, Mr. L. Armstrong, and Mr. J. Russell. *Dissections:* Dr. T. C. Nesham and Mr. L. Armstrong. *Principles and Practice of Physic:* Drs. E. Charlton, and D. Embleton. *Principles and Practice of Surgery:* Dr. G. Y. Heath. *Principles of Chemistry:* Mr. A. F. Marreco.

SUMMER SESSION.

Botany and Vegetable Physiology: Mr. J. Thornhill, and Dr. W. C. Arnison. *Medical Jurisprudence:* Dr. A. S. Donkin. *Materia Medica and Therapeutics:* Dr. T. Humble. *Midwifery and the Diseases of Women and Children:* Dr. C. Gibson. *Operative Surgery:* Dr. G. Y. Heath. *Practical Chemistry:* Mr. A. F. Marreco. *Pathological Anatomy:* Drs. C. J. Gibb, and G. H. Philipson.

HOSPITAL PRACTICE.

THE NEWCASTLE INFIRMARY contains 230 beds. Clinical lectures are regularly delivered. According to the last report, 1780 in-patients, 2125 out-patients, and 11,952 casual patients, were attended at this Institution.

SHEFFIELD SCHOOL OF MEDICINE.

WINTER SESSION.

Anatomy, Descriptive and Surgical. Messrs. Skinner and A. Jackson. *Physiology:* Messrs. T. Leeds and S. Morton. *Demonstrations of Anatomy:* Mr. Woolhouse. *Principles and Practice of Medicine:* Dr. Frank Smith. *Principles and Practice of Surgery:* Messrs. W. F. Favell and Parker. *Clinical Medicine:* Drs. Bartolomé, Law, and Frank Smith. *Surgery:* Messrs. J. Barber, W. F. Favell, and Parker. *Chemistry;* Mr. Allen. *Dental Mechanics:* Mr. G. Mosely.

SUMMER SESSION.

Medical Jurisprudence and Toxicology: Messrs. Baker and Harrison. *Midwifery and Diseases of Women:* Drs. Keeling and Hime. *Materia Medica and Therapeutics:* Dr. Wood. *Botany:* Mr. Birks. *Practical Chemistry:* Mr. Allen. *Dental Surgery:* Dr. Merryweather. *Demonstrations of Pathology and Microscopy:* Mr. C. D. Batt. *Demonstrations of Operative Surgery:* Messrs. Favell and Parker.

The Infirmary contains 150 beds; a Museum of Pathology, Library, and Post-mortem Theatre, with Microscopes, and all the appliances for Clinical research.

PROVINCIAL MEDICAL AND SCIENTIFIC SOCIETIES.

BATH MICROSCOPICAL SOCIETY.—Established 1858. *Pres.*, Mr. G. H. Simms; *Vice-Pres.*, Rev. C. Kemble and Dr. Falconer; *Treas.*, Mr. C. Terry; *Sec.*, Mr. R. S. Fowler, 6, Belmont, Bath; *Libr.*, Mr. J. P. Tylee. The Society meets the first Tuesday in each month, from October to June, inclusive, at eight p.m., at the Bath Mineral Water Hospital. Annual Meeting first Tuesday in October.

BATH PATHOLOGICAL SOCIETY.—Established 1864. *Pres.*, Dr. Wilbraham Falconer; *Vice-Pres.*, Mr. F. Mason; *Hon. Sec.*, Mr. H. W. Freeman, 38, Gay-street, Bath. The Society meets on the second Tuesday in the month, from November to April, inclusive, at eight p.m., at the Royal United Hospital, Bath. Annual Meeting second Tuesday in November.

*BEDFORD LITERARY AND SCIENTIFIC INSTITUTE.—Founded 1864. *Pres.*, Rev. J. W. Haddock; *Vice-Pres.*, Messrs. W. Biggs, A. E. Burch, Rev. R. W. Fitzpatrick, G. Hurst, B. Rudge, and J. Wyatt; *Hon. Secs.*, Dr. H. Steinmetz (The Lindens, Bromham-rd.), and Mr. G. Mayes; *Libr.*, Mr. T. Poole.

*BEDFORD MICROSCOPICAL SOCIETY.—Established 1860. *Hon. Sec.*, Mr. T. T. Gray, 19, Potter-st. The Society meets on the third Friday in every month at the house of the members.

BIRMINGHAM MEDICAL BENEVOLENT SOCIETY.—Established 1821. *Pres.*, Mr. Crompton; *Vice-Pres.*, Messrs. S. Edmonds (Appleby), F. P. Palmer (Walsall), M. Sharman, and D. Johnson; *Treas.*, Messrs. Berry and Bindley; *Hon. Sec.*, Mr. Thomas Taylor; *Solicitor*, Mr. R. H. Milward; *Directors*, Messrs. J. Archer, A. Baker, V. W. Blake, E. Chesshire, Clayton, Dr. Evans, Dr. Fletcher, Dr. Russell, and O. Pemberton.

Since the commencement, the sum of 5060*l.* 16*s.* has been administered in half-yearly grants, most of the recipients being Widows with Families, and in eight instances Practitioners disabled by disease.

The value and importance of the relief thus granted may be best appreciated by the fact that, in two instances, in which Fourteen Guineas only had been paid in Subscriptions, the sum of 415*l.* in one, and in the other 930*l.*, have been granted; and that in the latter case the Widow is still enjoying the bounty of the Society; whilst in the former, the assistance was discontinued by the request of the recipient, in consequence of the amended state of her circumstances. In other cases sums varying from 80*l.* to 200*l.* have been granted.

BIRMINGHAM.—MIDLAND MEDICAL SOCIETY.—Established 1852. *Pres.*, Mr. S. A. Bindley; *Hon. Treas.*, Mr. Harmar; *Hon. Secs.*, Mr. J. St. S. Wilders (Temple House, Bath-row), and Mr. W. S. Mann (Bingley House); *Hon. Libr.*, Dr. E. Mackey. The meetings are held in the Midland Institute, Paradise-st., twice monthly, on Wednesday evenings, at half-past seven p.m., from October to May inclusive. The Reading Room of the Midland Institute is open to the members of the Society. The principal British and Foreign Medical Periodicals are taken in for the use of the members.

BIRMINGHAM NATURAL HISTORY AND MICROSCOPICAL SOCIETY.—Established 1861. *Pres.*, Mr. W. P. Marshall; *Vice-Pres.*, Messrs. S. Allport and J. Cotton; *Treas.*, Mr. C. Pumphrey; *Hon. Sec.*, Mr. A. W. Wills (Wylde-green); *Libr.*, Mr. G. Crofts; *Cur.*, Messrs. J. Bagnall and J. Morley. The Society meets every Tuesday evening at the Midland Institute, at 7.30 p.m. Annual Meeting second Tuesday in February.

BRADFORD MEDICO-CHIRURGICAL SOCIETY.—Established 1863. *Pres.*, Mr. E. Sugden; *Treas.*, Mr. W. H. G. Buckley; *Sec.*, D. Goyder, M.D. (28, Horton-rd. Bradford). The meetings are held the first Tuesday of each month, at eight p.m., in the Philosophical Society's Rooms, Manor-row, where the Annual Meeting takes place on the first Tuesday in October.

BRIGHTON AND SUSSEX MEDICO-CHIRURGICAL SOCIETY.—Established 1847. *Pres.*, Dr. Moon; *Hon. Secs.*, Mr. J. J. Murray (99, Western-rd. Brighton) and Mr. Athol Johnstone. Number of members, 83.

This Society has a Library of several hundred volumes, with free access for its members to the Medical Library of the Sussex County Hospital. The ordinary meetings are held in the Library of the Society, at the Brighton Dispensary, Queen's-road, at eight p.m., on the first Thursday in every month except July, when the Annual Meeting is held on the first Tuesday at seven p.m.

BRIGHTON AND SUSSEX NATURAL HISTORY SOCIETY.—Established 1854. Meetings held on the second Thursday in every month, at eight p.m., at the Dispensary, Queen's-rd., where the Annual Meeting takes place the second Thursday in September. *Pres.*, Mr. T. H. Hennah; *Secs.*, Messrs. T. W. Wonfor, 38, Buckingham-pl., and J. C. Onions, 56, Middle-st. Brighton.

BRISTOL MICROSCOPICAL SOCIETY, PHILOSOPHICAL INSTITUTION, PARK-STREET.—Established 1843. *Pres.*, Mr. W. J. Fedden; *Vice-Pres.*, Mr. R. M. Bernard; *Hon. Sec.*, Mr. G. Ponton; *Hon. Libr.*, Mr. W. Sanders. Meetings are held at eight p.m. on the third Wednesday in each month except July and August. The Annual Meeting is held in September.

Principal Clerks.

Law—Danby P. Fry, Esq.
Orders—A. H. Montucci, Esq.
Parliamentary Grants and Vaccination—T. Austin, Esq.
Statistics—F. Purdy, Esq.
Paid Officers—J. Bellamy, Esq.
Metropolitan—Hugh Owen, jun., Esq.
Audit—Benjamin Montague, Esq.
Architect—C. W. Savage, Esq.

To facilitate reference to this List, the following explanation is necessary :—

1. The COUNTIES are arranged *alphabetically*; as are also the UNIONS under each County.

2. Each *paragraph* contains the particulars of *one union*. The name of the Union is given in *small capitals*, and the name of each district in *italics*. The letter P. is placed before the *Population*, and the letter A. before the *Area* in *Acres*. Then follows the name of the Medical Officer, with the amount of his salary.

3. To a few of the Unions an asterisk * has been prefixed, to signify that the Clerks of such Unions have not replied to the inquiries forwarded to them. For the correctness of the entries so marked, the Editors do not hold themselves responsible.

4. In those cases where the amounts of extras have been given, it may, *as a rule*, be inferred that both medical fees and vaccination charges have been included.

BEDFORD.
